## SSP Series

The original unclipped style, most popular on the hunter jumper circuit. A broad choice of steel sizes, made in front and hind patterns - left and right, makes this an extremely versatile series. Punched for E-head.

Kerck 5/8" Half-Round 3	7319	\$8.50
Kerck 5/8" Half-Round 4	7320	\$8.50

## Kerckhaert Outer Rim

We refer to this shape as the Standardbred because of its narrower, longer shape that is very typical of the Standardbred front foot. This aluminum shoe is proving to be a tough, good wearing shoe for the Standardbred surfaces, but can also be used successfully with Thoroughbreds.

Kerck Outer Rim 5 F	5608	\$8.10
Kerck Outer Rim 6 F	5609	\$8.10
Kerck Outer Rim 7 F	5610	\$8.10
Kerck Outer Rim 8 F	5611	\$8.10
Kerck Outer Rim 9 F	5612	\$8.80

**Kerckhaert Outer Rim (continued)**

Kerck Outer Rim 5 F TC	5613	\$9.10
Kerck Outer Rim 6 F TC	5614	\$9.10
Kerck Outer Rim 7 F TC	5615	\$9.10
Kerck Outer Rim 8 F TC	5616	\$9.10
Kerck Outer Rim 9 F TC	5617	\$9.10

**Kerckhaert Full Swedge**

For years the market had no choice in the Standardbred shoe market. The introduction of the Kerckhaert Swedges, made with a tough, durable steel is a dream come true for many. The shapes of the shoes are a significant improvement and the careful consideration seen in the nail placement and support in the heels are noticeable features.

Kerck Full Swedge 1.5 F	5618	\$5.40
Kerck Full Swedge 2 F	5619	\$5.40
Kerck Full Swedge 2.5 F	5620	\$5.40

**Ranger Lite**

The new Ranger Lite by Kerckhaert has been designed for everyday use in both work and pleasure. It is easily shaped, hot or cold, and has a generic shape for front or hind. With a higher grade of steel for better wear and v-crease for better fit, this shoe provides the perfect solution for farriers who want the best results at the best price. Punched for City or Slim nails.

Ranger Plain 2	8234	\$5.00
Ranger Plain 3	8235	\$5.35

### Ranger Lite Rim

The Ranger Lite Rim is an excellent shoe for activities that require more traction than a flat shoe. A very popular style for rodeo event horses and general trail use. With a higher grade of steel for better wear and v-crease for better fit, this shoe provides the perfect solution for farriers who want the best results at a competitive price. This shoe features sole relief, excellent nail hole placement (including the heel nail) and a crisp rim for better traction.

Kerck Classic Roller 4 F [24x8] QC	5646	\$12.20

### SX Roller

With features similar to the Classic Roller, this shoe is an excellent choice for horses needing additional ease of breakover, whether for movement in performance, or simply more comfort because of injuries or chronic ailments. While this half round style boasts more ground surface than a true half round, it allows the ease of breakover half round shoes are noted for. The crease gives traction while not taking away from the rollover effect of the shoe. Punched for 5 City, 5 Slim or 5 Combo

Kerck SX Roller 0 F	7895	\$6.70
Kerck SX Roller 1 F	7896	\$6.70
Kerck SX Roller 00 F	8158	\$6.70
Kerck SX Roller 2 F	8159	\$6.70

### SX-7 Unclipped

The first Kerckhaert shoe designed specifically for the North American market. These light, strong shoes are among the most popular in the line. Used for a wide variety of disciplines, these 1/4" shoes allow good nailing and fit without adding excess weight. Shoes are symmetrical. Sole relief now available on fronts. Punched for 4-1/2 Regular, 5 Race or 5 Slim, depending on size.

Kerck SX-7 4x0 F	5510	\$5.00

Kerck SX-8 2 H	5566	\$5.60
Kerck SX-8 3 F	5567	\$6.30
Kerck SX-8 3 H	5568	\$6.30

**SX-8 Clipped**

Efficiency is the name of the game. These shoes have a strong clip from top to bottom; quarter clip fronts, side clips behind. Because the clip is not drawn from the web of the shoe, the integrity of the nail holes and shoe strength is protected. Toe area is slightly wider to provide strength and wear. Front shoes have sole relief. Shoes are symmetrical. Punched for 5 City, 5 Slim or 5 Combo

Kerck SX-8 00 F QC	5569	\$7.70

Kerckhaert Standard Extra 1	7307	\$5.50
Kerckhaert Standard Extra 3	7308	\$6.30

### Standard Lite

Same quality as the well-known Standard Series shoe, the Standard Lite is a lighter version with 18x7 steel size. This shoe has the same features as the Standard: one shape pattern and V-shaped crease. Fuller toe, inside bevel, sole relief and slight taper to heel area. This is an attractive, economical series for horses that require a lighter shoe. Shoes are symmetrical. Sizes 00, 0, and 1 with sole relief are now available. Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

Kerckhaert Standard Lite 000	5494	\$4.90

Kerckhaert Standard Rim 0	5503	\$5.70
Kerckhaert Standard Rim 1	5504	\$5.70
Kerckhaert Standard Rim 2	5505	\$5.70

### Standard Lite Rim

A one shape pattern with the same weight as the popular SX-7 series, this is an ideal shoe for the Quarter Horse in various disciplines, including roping, barrels and other timed events. The shoes are easily fit to front or hind and the punching helps maintain the integrity of the hoof. V-Crease ensures better nail fit. Fuller toe, inside bevel, and slight taper to heel area. Shoes are symmetrical. Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

Kerckhaert Standard Lite Rim 000	5506	\$4.90

Kerckhaert Standard Lite Rim 0	5508	\$4.90
Kerckhaert Standard Lite Rim 1	5509	\$4.90

### Steel Triumph Unclipped

The Triumph steel series is considered the premier shoe for a variety of disciplines, including event horses, cross-country and various rodeo applications. To increase strength and wear, Kerckhaert has added additional thickness in shoe sizes 0 through 3, clipped and unclipped, in the Steel Triumph series. This change is especially beneficial if you use clipped shoes on event horses with larger feet. Combine this enhancement with the V-crease design and sole relief in Kerckhaert shoes and you have an exceptional shoe. Shoes are symmetrical. Punched for 5 City or 5 Slim.

Kerck Steel Triumph 00 F	5664	\$5.80
Kerck Steel Triumph 00 H	5665	\$5.80

## Kerckhaert Pride Fine Sliding Plates

The Pride Fine series of sliding plates offers a choice for the farrier that prefers a finer punching pattern. The series is available in a 1/4" x 1" stock size, with a very slight taper in the heel area. The nail pattern works best for a shoe fit that is very close to a perimeter fit, where the shoe is not set forward. Shoes are symmetrical. Punched precisely for 4-1/2 Race, 4-1/2 Race XS, 4-1/2 Slim or 5 Special and require little filing to reduce the head of the nail.

St. Croix Advantage 2 H	7344	\$5.70

**Eventer Plus Unclipped**

A new dimension to extension - The Eventer Plus steel horseshoe has been adapted for warmbloods that have a thicker hoof wall and require a wider and thicker horseshoe. Some features of the Eventer Plus differ from those of the standard Eventer in that the front shape has a somewhat less rounded form and the hind shape has a wider outer branch.

St. Croix Eventer Plus 0 F	6507	\$5.70
St. Croix Eventer Plus 1 F	6508	\$5.70

St. Croix Eventer Plus 2 H	6514	\$5.80
St. Croix Eventer Plus 3 H	6515	\$6.75

**Eventer Plus Quarter Clipped**

The hoof side features a sole relief: a chamfered edge in the toe section to prevent the formation of pressure points on the sole. The heels are rounded and thus help avoid wear and self-inflicted injuries. The front shoes are symmetrical; the hind horseshoes asymmetrical, making typical left and right shapes. Side clips.

St. Croix Eventer Plus 1 F QC	6518	\$8.55
St. Croix Eventer Plus 2 F QC	6519	\$8.70

**KB Open Heel**

KB Horseshoes take on the traditional horseshoe. Light and durable with a two-degree graduation, this shoe adds an excellent base of support. Our two-degree shoe is made from our same user-friendly aluminum alloy extending the life of the shoe for active horses. This true "sporthorse" shoe has a wide-web "rolled-toe" features, which provide greater stability and ease breakover. The two-degree shoe is traditional with a twist.

**KB Egg Bar**

KB Flat Eggbars, the original KB Horseshoes, are made from the finest aircraft quality aluminum allow. They are unequaled in design, function, durability and ease of use. Modifications such as clips drilling and taping as well as welded-on accessories are easily accomplished. Whether it be for jumping six-foot fences or for added support in a pasture, this shoe adds stability and offers comfort for the horse and piece of mind for the owner

**KB Navicular**

The Navicular Therapeutic Horseshoe has a unique breakover system designed to reduce stress on the coffin joint. The enhanced eggbar design and rolled toe, combined with advanced alloy, reduce weight on the hoof and provide dynamic support. Shaping is accomplished either hot or cold and making modifications, such as welded on accessories, is simple. All this makes for a therapeutic shoe without equal.

**Copper Coated**

Kerckhaert has made another major step towards healthier hooves with the design and development of the Liberty Cu horseshoe nail. The Cu nails are copper coated, offering more protection than traditional horseshoe nails. These nails are designed to reduce rust and wear inside the hoof, helping hooves remain strong and healthy throughout the shoeing cycle.

## Avanti PLR

The AVANTI Steel PLR horseshoes are designed to fit the foot in a balanced fashion around the widest part of the foot (which is essentially the center of rotation of the coffin joint). In addition to balancing the shoe around the coffin bone, the AVANTI shoe incorporates an optimized leverage reduction design that will help reduce excessive strain and forces on many of the tendon, ligament, and soft tissue structures in & around the coffin joint. Modeled after the very popular Aluminum PLR Shoes, the AVANTI brings many of those same performance and treatment benefits in a durable steel version.

Natural Balance Avanti PLR 0	8365	\$9.15

Natural Balance Avanti PLR 5	8422	\$9.60

## Dynamic Series

The DynaMic shoe is an upgrade of our traditional DM model. It has the same main characteristics, such as its basic shape. The new, additional features are the result of the feedback from our customers, the input by experts and manufacturing innovation. This shoe meets with our objective to get an even better shoeing result with less effort for the farrier. The DynaMic shoe has additional support at the heels, along with front side clips positioned between the 1st and 2nd nail hole, lighter quarters to make shaping of the shoe easier, and optimized nail holes positioning.

### DF Toe Clipped

DF Toe Clipped Fronts The DF series of shoes is a European line of shoes. This line has become very popular in recent years. Made for the discerning farrier who requires finesse and attention to detail in his work. The DF line offers the broadest selection in features such as left and right foot patterns, different web sizes, clip positioning and nail hole sizing according to the size of the shoe. Punched for E-head.

### Bronco Tracker

Diamond Tracker - Kerckhaert continues to make innovative changes to the Diamond brand with the new Diamond Tracker horseshoe. This shoe is available in an unclipped generic pattern; easily shaped into front or hind patterns. This allows you to reduce the amount of shoes you need on your truck. With a beveled toe and a solid heel area these shoes provide great breakover with less chance of slipping and additional support in soft terrain. Use the Diamond Tracker with Liberty and Liberty Cu Horseshoe Nails with Copper Shield Technology in sizes 5 City, 5 Slim or 5 Combo for outstanding results.

WM Optimum 2 F [20x8]	7053	\$5.45
WM Optimum 2 H [20x8]	7071	\$5.45

### 380 German Sport Shoe

The GERMAN SPORT SHOE is specially designed for Hanoverians and Holstein horses and is also easier to set on feet similar to German Warmbloods', whilst its cross-section (with rolling and bevelling) provides a good grip in soft ground. Thanks to a chased inner rim from quarter to heel and wide-webbed, beveled heels, it affords better protection and good penetration in soft footing. The rolling from quarter to quarter reduces the deep digital flexor tendon's work and minimizes the collateral ligaments' efforts in circling and turning.

ACR 380 German Sport Shoe 0	7106	\$51.25
ACR 380 German Sport Shoe 1	7107	\$51.25
ACR 380 German Sport Shoe 2	7108	\$53.45
ACR 380 German Sport Shoe 3	7109	\$53.45
ACR 380 German Sport Shoe 4	7110	\$53.45

### 340 Sport + Shoe

THE ACR SPORT + SHOE is a multidisciplinary sport shoe. The chased branches and beveled heels facilitate penetration in the ground and anticipate and limit stress on the suspensory apparatus (osseous muscle or superficial digital flexor tendon tendinitis). Anterior rolling motion reduces forces on the deep digital flexor tendon and relieves the distal collateral ligaments. The ACR Sport + 340 - 12 mm is available in 0,1, 2, 3, 4, 5. For the others sizes, please refer to the ACR Sport + 340 - 10 mm.

ACR 340 Sport + Shoe 0	7117	\$54.60
ACR 340 Sport + Shoe 1	7118	\$54.60
ACR 340 Sport + Shoe 2	7119	\$54.60
ACR 340 Sport + Shoe 3	7120	\$54.60

### 200 Onion Shoe

The ACR Onion shoe protects sensitive heels, increases the contact area for the rear part of the foot and limits the heel's sinking into soft ground. Its rolling toe facilitates breakover, spares the deep digital flexor tendon, and gives relief in the case of a podotrochlear syndrome. It is also ideal for the horses with a moderate navicular disorder that takes part in competitions (3 day events) and for horses not suited to the Egg Bar Shoe. It may be indicated for horses with navicular disorders exhibiting a lesion on the sesamoid bone or a sesamoidean ligament desmopathy. The ACR Onion Shoe 200-10 mm is available in 3x0, 2x0, 0 and 1. For the others sizes, refer to the ACR Onion Shoe 200 - 12 mm.

ACR 200 Onion Shoe 4	7111	\$70.60
ACR 200 Onion Shoe 1	7236	\$70.60
ACR 200 Onion Shoe 2	7237	\$70.60
ACR 200 Onion Shoe 3	7238	\$70.60

### 320 Rolling Sport Shoe

The ACR ROLLING SPORT SHOE is ideal for sport horses that work on firm ground. Its shape increases adherence, its rolling toe facilitates breakover, and it reduces anterior lever arm (relieving the deep digital flexor tendon) and helps the heels to sink into the ground (to protect against fetlock suspensory apparatus and superficial digital flexor tendon problems).

ACR 320 Rolling Sport Shoe 0	7112	\$54.80
ACR 320 Rolling Sport Shoe 1	7113	\$54.80
ACR 320 Rolling Sport Shoe 2	7114	\$54.80
ACR 320 Rolling Sport Shoe 3	7115	\$54.80
ACR 320 Rolling Sport Shoe 4	7116	\$54.80
