### Clogs/Wooden Shoe

The FootPro™ Wooden Shoes are typically used in treatment of chronic and sometimes acute laminitis cases. They are priced by the each, but packed and sold in 2 pair boxes, with each pair individually bagged. Screws are provided. This is a complementary product for the Hoofcast, as most wooden shoes or clog applications are done with a cast material to secure the shoe. EDSS Clogs: The Steward Clog is the ultimate Multi-Directional Leverage Reduction Shoe available today. In cooperation with the original designer of the wooden shoe, Dr. Mike Steward, EDSS has used this concept to develop a highly adjustable, user-friendly composite version. The Clog is most widely used for treating chronic laminitis and founder cases because it offers excellent stability & protection to the distal phalanx, while at the same time reduces the leverage forces on the affected laminae so the horse can stay comfortably mobile.

Kerck 5/8" Half-Round 3	7319	\$10.60
Kerck 5/8" Half-Round 4	7320	\$10.60

**Kerckhaert Outer Rim**

We refer to this shape as the Standardbred because of its narrower, longer shape that is very typical of the Standardbred front foot. This aluminum shoe is proving to be a tough, good wearing shoe for the Standardbred surfaces, but can also be used successfully with Thoroughbreds.

Kerck Outer Rim 5 F	5608	\$9.55
Kerck Outer Rim 6 F	5609	\$9.55

Kerck Outer Rim 8 F TC	5616	\$10.75
Kerck Outer Rim 9 F TC	5617	\$10.75

**Kerckhaert Full Swedge**

For years the market had no choice in the Standardbred shoe market. The introduction of the Kerckhaert Swedges, made with a tough, durable steel is a dream come true for many. The shapes of the shoes are a significant improvement and the careful consideration seen in the nail placement and support in the heels are noticeable features.

Kerck Full Swedge 1.5 F	5618	\$6.75

**Kerckhaert Half Swedge**

For years the market had no choice in the Standardbred shoe market. The introduction of the Kerckhaert Swedges, made with a tough, durable steel is a dream come true for many. The shapes of the shoes are a significant improvement and the careful consideration seen in the nail placement and support in the heels are noticeable features.

## Level Grip

The LEVEL GRIP (Outer Rim) is a great performer, excellent for turf and dirt courses. This style was worn by JOHN HENRY most of his career, and features a high outside rim for equal traction and balance. The Level Grip provides 180 degrees of good cupping action for flat-footed horses on dirt surfaces. Sold in sets.

Thoro'Bred Level Grip 5 F	6941	\$16.75
Thoro'Bred Level Grip 6 F	6942	\$16.75

## Regular/Plain

The Regular Fronts; Here is the original REGULAR FRONT shoe from Thoro'Bred. The toe grab on the shoe is raised .205" (5.2mm) above the surface of the shoe. All of our toe grabs are made of heat treated tool steel for durability and long wear. The Plain Hinds; The PLAIN HIND racing plate is always very popular with thoroughbreds and quarter horses alike. The premium heat treated steel toe grab protrudes .205" (5.2mm) above the shoe surface.

TB Plain 3 F/H	6953	\$16.90

Ranger Plain 3	8235	\$4.00

### Ranger Lite Rim

The Ranger Lite Rim is an excellent shoe for activities that require more traction than a flat shoe. A very popular style for rodeo event horses and general trail use. With a higher grade of steel for better wear and v-crease for better fit, this shoe provides the perfect solution for farriers who want the best results at a competitive price. This shoe features sole relief, excellent nail hole placement (including the heel nail) and a crisp rim for better traction.

Ranger Lite Rim 0	8291	\$5.80
Ranger Lite Rim 00	8292	\$5.80
Ranger Lite Rim 1	8301	\$6.15
Ranger Lite Rim 2	8302	\$6.50

### Classic Roller Quarter Clipped

This half round style actually boasts more ground surface than a true half round but you get the full benefit of ease of break-over that half round shoes are noted for. The full shape of the front pattern allows for easy fitting. The width of the sections gives a great base of support. Classic Roller Fronts are symmetrical. Punched for E-head nails.

Kerck Classic Roller 0 F [20x8] QC	5641	\$13.20
Kerck Classic Roller 1 F [22x8] QC	5643	\$13.20

Kerck Classic Roller 4 F [24x8] QC	5646	\$14.60
K Classic Roller 00 F [20X8] QC	7490	\$12.75

### SX Roller

With features similar to the Classic Roller, this shoe is an excellent choice for horses needing additional ease of breakover, whether for movement in performance, or simply more comfort because of injuries or chronic ailments. While this half round style boasts more ground surface than a true half round, it allows the ease of breakover half round shoes are noted for. The crease gives traction while not taking away from the rollover effect of the shoe. Punched for 5 City, 5 Slim or 5 Combo

Kerck SX Roller 0 F	7895	\$8.00
Kerck SX Roller 1 F	7896	\$8.00

**SX Roller (continued)**

Kerck SX Roller 2 F	8159	\$8.00
---------------------	------	--------

**SX-7 Unclipped**

The first Kerckhaert shoe designed specifically for the North American market. These light, strong shoes are among the most popular in the line. Used for a wide variety of disciplines, these 1/4" shoes allow good nailing and fit without adding excess weight. Shoes are symmetrical. Sole relief now available on fronts. Punched for 4-1/2 Regular, 5 Race or 5 Slim, depending on size.

Kerck SX-7 2 H	5521	\$6.05

**SX-8 Unclipped**

Demand for shoes punched for City head nails brought forth the SX Series. The SX-8 is a 5/16" thick shoe with graduated widths. These shoes are used for trail, jumping, dressage and ranch work. Shoes are symmetrical. Sole relief now available on fronts. Punched for 5 City, 5 Slim or 5 Combo.

Kerck SX-8 00 F	5559	\$6.65
Kerck SX-8 00 H	5560	\$6.65

Kerck SX-8 3 F	5567	\$7.55
Kerck SX-8 3 H	5568	\$7.55

**SX-8 Clipped**

Efficiency is the name of the game. These shoes have a strong clip from top to bottom; quarter clip fronts, side clips behind. Because the clip is not drawn from the web of the shoe, the integrity of the nail holes and shoe strength is protected. Toe area is slightly wider to provide strength and wear. Front shoes have sole relief. Shoes are symmetrical. Punched for 5 City, 5 Slim or 5 Combo

Kerck SX-8 00 F QC	5569	\$9.15

Kerckhaert Standard 2	5500	\$7.20
Kerckhaert Standard 3	5501	\$7.20

**Standard Extra**

A wide-web pattern designed to give protection and support - especially in rough terrain. Features include bevel on ground side, sole relief and slight tapering of heels. V-crease allows for better nail fit. Shoes are symmetrical. Punched for 5 City or 5 Slim.

Kerckhaert Standard Extra 2	7266	\$7.00
Kerckhaert Standard Extra 0	7306	\$6.50
Kerckhaert Standard Extra 1	7307	\$6.65

**Standard Lite**

Same quality as the well-known Standard Series shoe, the Standard Lite is a lighter version with 18x7 steel size. This shoe has the same features as the Standard: one shape pattern and V-shaped crease. Fuller toe, inside bevel, sole relief and slight taper to heel area. This is an attractive, economical series for horses that require a lighter shoe. Shoes are symmetrical. Sizes 00, 0, and 1 with sole relief are now available. Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

Kerckhaert Standard Lite 000	5494	\$5.80

Kerckhaert Standard Rim 2	5505	\$6.75

**Standard Lite Rim**

A one shape pattern with the same weight as the popular SX-7 series, this is an ideal shoe for the Quarter Horse in various disciplines, including roping, barrels and other timed events. The shoes are easily fit to front or hind and the punching helps maintain the integrity of the hoof. V-Crease ensures better nail fit. Fuller toe, inside bevel, and slight taper to heel area. Shoes are symmetrical. Punched for 4-1/2 Regular, 5 Race, 5 City or 5 Slim, depending on size.

Kerckhaert Standard Lite Rim 1	5509	\$5.80

**Steel Triumph Unclipped**

The Triumph steel series is considered the premier shoe for a variety of disciplines, including event horses, cross-country and various rodeo applications. To increase strength and wear, Kerckhaert has added additional thickness in shoe sizes 0 through 3, clipped and unclipped, in the Steel Triumph series. This change is especially beneficial if you use clipped shoes on event horses with larger feet. Combine this enhancement with the V-crease design and sole relief in Kerckhaert shoes and you have an exceptional shoe. Shoes are symmetrical. Punched for 5 City or 5 Slim.

## Kerckhaert Pride Fine Sliding Plates

The Pride Fine series of sliding plates offers a choice for the farrier that prefers a finer punching pattern. The series is available in a 1/4" x 1" stock size, with a very slight taper in the heel area. The nail pattern works best for a shoe fit that is very close to a perimeter fit, where the shoe is not set forward. Shoes are symmetrical. Punched precisely for 4-1/2 Race, 4-1/2 Race XS, 4-1/2 Slim or 5 Special and require little filing to reduce the head of the nail.

--------------------------	------	---------

## Race

Nails with the Race designation are used most often on Thoroughbred, Quarter Horse or Standardbred race horses that wear light steel or aluminum shoes. These horses are often shod on 3 or 4 week intervals and the small shank of the nail creates less damage to the hoof. Small size shoes used for ponies, yearlings and smaller breeds also may be punched for race nails. Benefits: • Consistency • Far fewer unusable nails • Finish and points enable smooth driving • Material is optimum for clinch

Liberty 5 Race 250 pc.	7624	\$23.60
Liberty 4.5 Race 250 pc.	8082	\$23.60
Liberty 4.5 Race CU 250pc	8756	\$27.60
Liberty 5 Race CU 250pc	8757	\$27.60

## City

Liberty 5 City 250 pc.	7565	\$24.50
Liberty 5 City 100 pc.	8166	\$10.25
Liberty 5 City CU 250 pc.	8646	\$27.90

## Slim

Liberty 5 Slim 250 pc.	7400	\$24.50
Liberty 5 Slim 100 pc.	8167	\$10.25
Liberty 5 Slim XL 250 pc.	8194	\$24.50

## E-Head

E-Slim are European style nails. These fit well in shoes like the Kerckhaert DF and SSP series that were made first for the European market. Used most often in the Hunter and Jumper discipline. Some farriers prefer to punch their hand made shoes for E-heads because of the symmetrical nature of the nail. There is also a feeling that an E-head nail has more strength because the shank comes out of the center of the head, with slightly more mass. Benefits: • Material is optimum for clinching • Far fewer unusable nails • Consistency • Finish and points enable smooth driving

Liberty E-3 Slim 250 pc.	5726	\$23.40
Liberty E-4 Slim 250 pc.	5727	\$24.10
Liberty E-5 Slim 250 pc.	5728	\$25.10

Liberty E-7 Slim 250 pc.	7479	\$26.70
Liberty E-2 Slim 250 pc.	8025	\$22.75

## Combo

Combo nails are a modification of the City or Slim nail. The heads are slightly larger but yet the shank is still similar to the City or Slim. They are often used for resetting when nail holes have enlarged or with shoes that have a wide crease. Benefits: • Material is optimum for clinching • Far fewer unusable nails • Consistency • Finish and points enable smooth driving

Liberty 6 Combo Slim 250 pc.	6944	\$25.25
Liberty 5 Combo 250 pc.	7340	\$23.40
Liberty 5 Combo Slim 250 pc.	7536	\$24.50

## LX

The LX style nails are a hybrid head design that is similar to the E head but is more rectangular. Often used in rim or concave style shoes but they are used in European style flat shoes as well. Benefits include: • Material is optimum for clinching • Far fewer unusable nails • Consistency • Finish and points enable smooth driving

Liberty LX-50 250 pc.	7495	\$23.40
Liberty LX-55 250 pc.	7606	\$23.60
Liberty LX-60 250 pc.	7625	\$24.60

## Race

The Delta Race nails are the perfect choice for the plater. Also used on pony shoes and sliding plates, these nails feature a sharp point and an exact bevel for a consistent drive every time.

Delta 3.5 Race 250 pc.	6190	\$21.75
Delta 4 Race 250 pc.	6191	\$21.75
Delta 4.5 Race 250 pc.	6192	\$21.75

## City

Delta City Head nails are an excellent choice for a variety of shoes. They work especially well in drop-forged shoes.

Delta 5 City 500 pc.	6180	\$43.00
Delta 6 City 250 pc.	6185	\$21.50

## Combo

The Combo-Slim features a larger head with a slim shank, making it perfect for resets and shoes with larger nail holes.

Delta 5 Combo 500 pc.	6183	\$43.00
Delta 5 Combo 250 pc.	6184	\$21.50

## E-Head

The Delta E-Slim nails feature a more defined head and a much slimmer shank than the regular E nails, allowing them to be used in a wider variety of shoes, including ones punched for City Head nails.

### KB Open Heel

KB Horseshoes take on the traditional horseshoe. Light and durable with a two-degree graduation, this shoe adds an excellent base of support. Our two-degree shoe is made from our same user-friendly aluminum alloy extending the life of the shoe for active horses. This true "sporthorse" shoe has a wide-web "rolled-toe" features, which provide greater stability and ease breakover. The two-degree shoe is traditional with a twist.

### Leg Saver F/H

The LEG SAVER bonded rim pad is made of tough, but resilient rubber which is vulcanized onto the fronts only. LEG SAVERS will help in the reduction of sole bruising. The QUARTER HORSE BLOCK HIND has "blocks" in the heels that resemble cleats. The toe grab on this shoe rises .305" (7.75mm) above the surface of the shoe and is very effective on deep and sandy tracks to grab loads of traction.

### Clogs/Wooden Shoes

The FootPro™ Wooden Shoes are typically used in treatment of chronic and sometimes acute laminitis cases. They are priced by the each, but packed and sold in 2 pair boxes, with each pair individually bagged. Screws are provided. This is a complementary product for the Hoofcast, as most wooden shoes or clog applications are done with a cast material to secure the shoe. EDSS Clogs: The Steward Clog is the ultimate Multi-Directional Leverage Reduction Shoe available today. In cooperation with the original designer of the wooden shoe, Dr. Mike Steward, EDSS has used this concept to develop a highly adjustable, user-friendly composite version. The Clog is most widely used for treating chronic laminitis and founder cases because it offers excellent stability & protection to the distal phalanx, while at the same time reduces the leverage forces on the affected laminae so the horse can stay comfortably mobile.

FootPro Wooden Shoe 2	8069	\$45.40
EDSS Steward Clog 6	8279	\$25.50

### Quarterhorse F/H

The QUARTER HORSE Fronts and Hinds are used primarily by Racing Quarter Horses on deep, sandy racecourses. The hardened steel toe grabs extend .305" of an inch above the aluminum surface.

TB Quarter Horse 3 Front	6948	\$8.45
TB Quarter Horse 4 Front	6949	\$8.45

### Century Wedge

Aluminum Century Degree Unclipped Kerckhaert has produced the Aluminum Century Degree to complement the Aluminum Century Unclipped shoe. Farriers will find a wedge platform on this shoe, with many of the features of the unclipped series. Shoes are symmetrical. Punched for 4-1/2 Regular, 5 Race or 5 Slim.

Kerck Aluminum Century 00 F W	5704	\$15.70
Kerck Aluminum Century 0 F W	5705	\$15.70
Kerck Aluminum Century 1 F W	5706	\$15.70

### Century Clipped

Aluminum Century Clipped The Century Support front pattern is a more traditional round shape. Thicker than Triumph for additional strength and without the broad toe. The shoes have a slightly finer punch. Designed with support in the toe and heel area similar to the Meister steel shoes. Available in front and hind patterns. Quarter clipped front, side clipped hind. Shoes are symmetrical. Punched for 4-1/2 Regular, 5 Race or 5 Slim.

**KB Egg Bar**

KB Flat Eggbars, the original KB Horseshoes, are made from the finest aircraft quality aluminum alloy. They are unequalled in design, function, durability and ease of use. Modifications such as clips drilling and taping as well as welded-on accessories are easily accomplished. Whether it be for jumping six-foot fences or for added support in a pasture, this shoe adds stability and offers comfort for the horse and peace of mind for the owner

**KB Navicular**

The Navicular Therapeutic Horseshoe has a unique breakover system designed to reduce stress on the coffin joint. The enhanced eggbar design and rolled toe, combined with advanced alloy, reduce weight on the hoof and provide dynamic support. Shaping is accomplished either hot or cold and making modifications, such as welded on accessories, is simple. All this makes for a therapeutic shoe without equal.

**DF Quarter Clipped 22x8**

The front shape DF shoes with quarter clips are the fastest growing style in the A class Jumper circuit. The variety of steel sizes, combined with the excellent clip style and punching, has helped lead Kerckhaert to the top in this segment of the market. Now available in 8mm and 10mm thickness. Shoes are symmetrical. Punched for E-head.

### Copper Coated

Kerckhaert has made another major step towards healthier hooves with the design and development of the Liberty Cu horseshoe nail. The Cu nails are copper coated, offering more protection than traditional horseshoe nails. These nails are designed to reduce rust and wear inside the hoof, helping hooves remain strong and healthy throughout the shoeing cycle. • Great fit • Outstanding results • Cu Shield Technology eliminates rust and deterioration of nail strength • Material is optimum for clinching • Finish and points enable smooth driving • Consistency in quality • No rust or wear inside the hoof wall • Stronger, healthier hooves • Hoof/horn quality improves

**Avanti PLR**

The AVANTI Steel PLR horseshoes are designed to fit the foot in a balanced fashion around the widest part of the foot (which is essentially the center of rotation of the coffin joint). In addition to balancing the shoe around the coffin bone, the AVANTI shoe incorporates an optimized leverage reduction design that will help reduce excessive strain and forces on many of the tendon, ligament, and soft tissue structures in & around the coffin joint. Modeled after the very popular Aluminum PLR Shoes, the AVANTI brings many of those same performance and treatment benefits in a durable steel version.

**DF Toe Clipped**

DF Toe Clipped Fronts The DF series of shoes is a European line of shoes. This line has become very popular in recent years. Made for the discerning farrier who requires finesse and attention to detail in his work. The DF line offers the broadest selection in features such as left and right foot patterns, different web sizes, clip positioning and nail hole sizing according to the size of the shoe. Punched for E-head.

## Bronco Tracker

Diamond Tracker - Kerckhaert continues to make innovative changes to the Diamond brand with the new Diamond Tracker horseshoe. This shoe is available in an unclipped generic pattern; easily shaped into front or hind patterns. This allows you to reduce the amount of shoes you need on your truck. With a beveled toe and a solid heel area these shoes provide great breakover with less chance of slipping and additional support in soft terrain. Use the Diamond Tracker with Liberty and Liberty Cu Horseshoe Nails with Copper Shield Technology in sizes 5 City, 5 Slim or 5 Combo for outstanding results.

### 380 German Sport Shoe

The GERMAN SPORT SHOE is specially designed for Hanoverians and Holstein horses and is also easier to set on feet similar to German Warmbloods', whilst its cross-section (with rolling and bevelling) provides a good grip in soft ground. Thanks to a chased inner rim from quarter to heel and wide-webbed, beveled heels, it affords better protection and good penetration in soft footing. The rolling from quarter to quarter reduces the deep digital flexor tendon's work and minimizes the collateral ligaments' efforts in circling and turning.

ACR 380 German Sport Shoe 0	7106	\$57.75
ACR 380 German Sport Shoe 1	7107	\$57.75
ACR 380 German Sport Shoe 2	7108	\$57.75
ACR 380 German Sport Shoe 3	7109	\$57.75
ACR 380 German Sport Shoe 4	7110	\$57.75

### 340 Sport + Shoe

THE ACR SPORT + SHOE is a multidisciplinary sport shoe. The chased branches and beveled heels facilitate penetration in the ground and anticipate and limit stress on the suspensory apparatus (osseous muscle or superficial digital flexor tendon tendinitis). Anterior rolling motion reduces forces on the deep digital flexor tendon and relieves the distal collateral ligaments. The ACR Sport + 340 - 12 mm is available in 0,1, 2, 3, 4, 5. For the others sizes, please refer to the ACR Sport + 340 - 10 mm.

ACR 340 Sport + Shoe 0	7117	\$54.60
ACR 340 Sport + Shoe 1	7118	\$54.60
ACR 340 Sport + Shoe 2	7119	\$54.60
ACR 340 Sport + Shoe 3	7120	\$54.60

### 200 Onion Shoe

The ACR Onion shoe protects sensitive heels, increases the contact area for the rear part of the foot and limits the heel's sinking into soft ground. Its rolling toe facilitates breakover, spares the deep digital flexor tendon, and gives relief in the case of a podotrochlear syndrome. It is also ideal for the horses with a moderate navicular disorder that takes part in competitions (3 day events) and for horses not suited to the Egg Bar Shoe. It may be indicated for horses with navicular disorders exhibiting a lesion on the sesamoid bone or a sesamoid ligament desmopathy. The ACR Onion Shoe 200-10 mm is available in 3x0, 2x0, 0 and 1. For the others sizes, refer to the ACR Onion Shoe 200 - 12 mm.

ACR 200 Onion Shoe 4	7111	\$71.00
ACR 200 Onion Shoe 1	7236	\$71.00
ACR 200 Onion Shoe 2	7237	\$71.00
ACR 200 Onion Shoe 3	7238	\$71.00
ACR 200 Onion Shoe 00	7383	\$71.00
ACR 200 Onion Shoe 0	7442	\$71.00

### 320 Rolling Sport Shoe

The ACR ROLLING SPORT SHOE is ideal for sport horses that work on firm ground. Its shape increases adherence, its rolling toe facilitates breakover, and it reduces anterior lever arm (relieving the deep digital flexor tendon) and helps the heels to sink into the ground (to protect against fetlock suspensory apparatus and superficial digital flexor tendon problems).

ACR 320 Rolling Sport Shoe 0	7112	\$63.70
